AN EXPLODED MIND READER.

A Chicago Doctor Duplicates the Wonderful Johnstone Trick.

CHICAGO, Oct. 1.—A morning paper publishes what purports to be an expose of the tricks by which Paul Alexander Johnstone, of St. Paul, performs his alleged mind-reading tests. The disbeliever in Johnstone is Dr. Gatesell, of this city, editor of *The Medical Era*. Dr. Gatesell submitted to apparently the same test conditions as did Johnstone and under these conditions went blindfolded up and down stairs and found and wrote a designated word in a book.

He then showed how it was done. The gloves were folded over the eyes and a bandage tied tight over them. By lifting the eyebrows, this bandage was worked upward on the forehead, then the heavy cloth hood was put over his head, and by pulling a couple of strings it was parted in front, leaving plenty of room to see through. Then the black veil, which hid the features, but which could be plainly seen through, was drawn over, and the preparations were complete for "mind reading," as Dr. Gatesell claims it is done by Johnstone. The directions and distances to be traveled over, the page in the book, and the letters in the words chosen were traced in the air with the finger in front of the performer in accordance with them. Dr. Gatesell says he does not know how Johnstone performed the safe opening trick, but he is of the opinion that it is merely a trick.

Age Lovers Wedded.

COATSBURG, Ind., Oct. 1.—A notable wedding took place in this city Monday evening. The Rev. J. R. Barnes of Marietta, O., the father of Mr. Charles B. Barnes, the Chicago publisher, was married to Mrs. E. T. Drew, of Evansville. Mrs. Drew is 91 years old and Mrs. Drew is 75. Nearly a half century ago the Rev. Mr. Barnes was pastor of the Presbyterian church in this city and Mrs. Drew was one of his parishioners. The couple were early lovers. The wedding has been the sensation of the day in this city, and furnished lots of gossip.

John Boyle O'Reilly's Memorial.

BOSTON, Oct. 1.—An adjourned meeting of the John Boyle O'Reilly memorial committee last night resolved that it be the desire of the committee to commemorate the name of John Boyle O'Reilly by a statue or other memorial in some public place and also by an alcove in the public library to bear his name. It is designed to raise the sum of \$40,000 for the purpose. This resolution will be acted upon at a meeting next Monday when it is expected the form of memorial will be determined.

A Shipwrecked Crew Land.

SAN FRANCISCO, Oct. 1.—The Pacific mail steamship Acapulco has arrived here from Panama, bringing the shipwrecked crew of the American bark Caribbarian and the ship France Thorpe, which went ashore at Salina Cruz on Aug. 11. Capt. Pitts, of the Acapulco, refused to speak of the Barrundia affair further than to say that the published reports were in the main correct and that he had prepared a report of the affair which would be forwarded to the main office at New York.

Not Successful So Far.

FALL RIVER, Mass., Oct. 1.—An effort is being made by local manufacturers to induce the Rhode Island mill men to join in a combination to stop one week in October, but so far the attempt has not been successful. The Knights, who are the leading manufacturers of Rhode Island, are quoted as saying that if the Fall River mills would agree to shut down for two weeks they would guarantee that the Rhode Island factories would follow.

Japanese Government Denounced.

YOKOHAMA, Oct. 1.—A public meeting has been held here, at which a number of prominent Japanese made speeches denouncing the government for condoning the right of trial by judges other than native judges. The speakers were enthusiastically received by the audience, and the ex-consul of Great Britain was threatened with death for having advocated the privileges to foreigners. The master has created intense public excitement.

Iron Workers' Troubles in Scotland.

LONDON, Oct. 1.—The terms demanded by the workers have been definitely defined by the iron masters of Scotland. It is pledged to the striking Scotch workers by the iron workers of Cumbernauld, provided the former insist upon eight hour shifts. The Glasgow iron masters have been strengthened by the apparent futility of all efforts at a settlement of the trouble.

Jumped From a Moving Train.

MARQUETTE, Mich., Oct. 1.—By climbing out of a car window while the train was running at full speed, James G. Vensey, commander-in-chief, has just filled one of the most important offices in the Grand Army of the Republic by the appointment of Judge William L. Chittenden as judge advocate general. Judge Chittenden is on the bench at Minneapolis, Minn., and is recognized as one of the ablest jurists in that state or in any other, no one standing higher in the northwest.

He is as eminent in character as he is distinguished in ability. He is president of the Minnesota commandery of the Loyal Legion; his service in the field was with the First Minnesota regiment, whose services were particularly distinguished at Gettysburg. Judge Chittenden is a Irish-American who has taken an active interest in the cause of Ireland, and is a Democrat in politics.

Dismissed from the Service.

WATKINSVILLE, Ga., Oct. 1.—Complaints have recently been received at the department of state from citizens of Santiago, Chile, charging United States Vice Consul James E. Board with neglect of duty. It is understood that Assistant Secretary Warrington, upon investigation, will draw the charges sustained and had decided his dismissal from the service.

The Wholesaler Disgraced.

WATKINSVILLE, Ga., Oct. 1.—The National Wholesaler Druggists' association, now holding a convention here, listened to the report of President Von Schaack yesterday morning. Later on the report that the secretary was real. The afternoon meeting was occupied in a discussion of sanitary medicine.

The Express Ditched.

NEW YORK, Oct. 1.—A special to The Herald from John N. B. says word came in last night that train was derailed and ditched last night in the vicinity of Halifax, near Annapolis, and that the information is that the express was derailed. The express was derailed at the time of the accident.

Railroad Sold.

ROANOKE, Va., Oct. 1.—The Shenandoah Valley railroad was sold yesterday in compliance with a court decree. Louis Fitzgerald, chairman of the purchasing committee of the first mortgage bondholders, bid \$1,100,000, which was accepted. As the Norfolk and Western railroad people hold a majority of the bonds, the road now passes into their hands.

Fearful Fall.

CINCINNATI, Oct. 1.—John Weston fell from the topmost part of the tower of the new city hall, to the ground at 3:30 p. m. yesterday. He struck on his head, crushing the skull and breaking his neck. He was a laborer living at 482 West Fourth street.

## The Anti-Lottery Law.

Some of Its Provisions Not Fully Understood.

POSTMASTERS INSTRUCTED.

JUDGE TYNER, the Assistant Attorney General, proposes to see that the recently passed law is fully enforced.

HOUSE AND SENATE PROCEEDINGS.

WASHINGTON, Oct. 1.—Judge Tyner, the assistant attorney general for the post office department, has about completed the instructions to postmasters in regard to the enforcement of the anti-lottery law. He finds the law more comprehensive than is generally supposed. In prohibiting lotteries, it also prohibits all schemes for distributing prize-by-chances, and applies to the church fair as well as to the great Louisiana Lottery company.

An advertisement for a church fair, which speaks of a raffle or anything of the kind, would be excluded from the mails.

Judge Tyner has had referred to him for decision a question as to whether a newspaper published in Texas that has a give-away scheme can be admitted to the mails. The paper offers a prize to the lady who will guess the name of the most popular man, and all the details of voting, etc., are printed in the paper.

Judge Tyner has not as yet made a ruling on this question, but it is only a sample of the various problems that are presented for his decision.

INVESTIGATING PAPERS SECRET.

WASHINGTON, Oct. 1.—Assistant Secretary Wharton said that the correspondence between the department of state and Minister Münzer, in regard to the killing of Gen. Barrundia, on board the steamer Acapulco, would not be sent to congress for several days. The correspondence is not yet in proper shape to lay before congress, and it is impossible that the matter will not be sent in at this session. State department officials decline to say anything definite on the subject.

AS REPORTED BY THE REVERSON OF AIR.

PITTSBURGH, Oct. 1.—Yesterday morning when men were making repairs in the tower of the Clinton blast furnace, on West Carson street, owing to the reversal of air, the large air receiver exploded with terrible force. The front of the furnace was almost wholly shattered, while the engine room and machinery were completely wrecked.

Every window for nearly a square

around was shattered, and in several dwelling houses the plastering fell from ceilings and walls. Owing to the confusion the escape of the workmen in and about the tower from injury or death is remarkable. It is thought that the air receiver had become filled with natural gas and when the current was reversed became ignited and bursted. Ten thousand dollars will probably cover the damage to property.

IN PRIEST'S WORK LABOR?

PHILADELPHIA, Oct. 1.—Rev. Dr. H. Konenberg, and Rev. Dr. J. Lourder, Catholic priests from Europe, who arrived at this port on the steamship Belgenland yesterday are detained under the contract labor law. The priests acknowledge that they were hired to come to this country as teachers in the Catholic college, at St. Paul, Minn., founded by Bishop Ireland. The matter has been referred to the customs authorities and the two priests will be detained on board the Belgenland pending a decision.

PROCEEDINGS OF THE SENATE AND HOUSE.

WASHINGTON, Oct. 1.—The senate yesterday concluded the debate on the tariff bill and agreed to the conference report (25 to 27). Messrs. Plumb, Paddock and Pettigrew voting in the negative. The senate passed house bill with verbal amendments to promote the administration of justice in the army. Conference report on the signal service bill was agreed to. House bill to enable the postmaster general to test free delivery system in small towns, was passed.

The house passed the senate bill to protect settlers on certain lands in Florida, relinquishing certain lands to the public interest" it is possible that they will take advantage of the language of the joint resolution. There are a few instances on record where the department of state has refused to comply with a request from congress of this kind, but it is believed that Secretary Blaine having taken a different view of the correspondence than Mr. Wharton, will retain the papers until they are complete.
